Emissions surcharge (EMS/ESS)

31 May 2024

Asia Pacific | Europe | India Middle East and Africa | Latin America | North America

Share

Maersk has reviewed Emissions surcharge (EMS/ESS) for Q3 2024 and the tariffs will be effective 01 July 2024. The Emissions surcharge tariffs have been calculated using the average price of European Union Allowance (EUA) from EUA Daily Future (ice.com).

The details on the period used for the calculation can be found in the table below:

Reference period

From Date | From Month	To Date | To Month	Effective Date	Type of EUA	Average EUA Price (In EUR)
16| Feb'24	15| May'24	01-Jul-24	Daily Futures (Symbol code: ECF)	61,24

Emissions surcharge will be applied to all bookings with Load Port and/or Discharge Port country part of EU/EEA.

*For all bookings from China (Hongkong/Taiwan not included), we will add the emissions surcharge to the base freight rate for regulatory reasons. Base freight rate will be adjusted quarterly (increase/decrease) to reflect quarterly updated Emissions surcharge.

*ECO Delivery Bookings will not be charged with emissions surcharge. Choosing ECO Delivery means we replace fossil fuels with green fuels. This investment reduces green-house-gas emissions of your bookings and decarbonizes your supply chain. Learn more about ECO Delivery.

Tariff values for Emissions surcharge Q3 2024 can be found in the tables in the following pages.

Should you have any further questions, please contact your local Sales representative. Our teams are always available to support should you need assistance.

EMS / ESS tariff values applicable from 01 JULY to 30 SEPTEMBER 2024 (Q3 2024)
