2nd Revised: Import storage costs settlement process for port of Busan

26 December 2022

Asia PacificKorea

Share

We would like hereby to announce the important change in storage costs settlement process applicable to import cargoes to Pusan Newport Company (PNC).

With effect from 1st of January 2023 on vessel arrival date basis, storage costs for import cargoes to PNC will be directly invoiced from the terminal operator to importers as per the public tariffs without involvements by Maersk. Public tariffs for 2022 can be found under the link [2022_PNC_Standard_Tariff2.pdf \(pncport.com\)](#) for your reference, but please directly liaise with the terminal operator for tariff levels applicable in 2023.

Additional notes as of 5th of Dec 2022: Operational reefer services costs will be also directly settled between the terminal operator and importers.

Additional notes as of 26th of Dec 2022: We would like to withdraw the additional notes as of 5th of Dec 2022. Operational reefer service costs will be kept being settled between the terminal operator and Maersk.

Please be also informed that these import storage costs settlement between the terminal and importers shall be arranged outside of our own demurrage and detention (D&D) rules. Therefore, apart from the storage costs being settled with the terminal, customers need to follow standard D&D rules or contracted conditions offered by Maersk. Details of our standard D&D rules in South Korea can be found under the link [South Korea Imports | Maersk](#).

Should you have questions or require any assistance with this information, please contact our sales and customer service department.
