Europe to Asia Trade - Reefer Bookings

Due to the current challenging market situation impacting port activities, and generating congestion across supply chains, MSC is facing a significant shortage of equipment including reefer containers on the Europe-Asia trades.

As from 25 May, MSC will temporarily limit acceptance of reefer container bookings from Europe to Asia over the coming weeks.

MSC will continue to closely monitor the situation and will seek to find solutions for customers where possible, with a view to minimising disruption to business.

We are grateful for your understanding and ongoing support and we hope to move into a more normalised market environment as soon as possible.

Should you have any questions, please [contact your local MSC representatives](#) in our global network of more than 500 offices.
