# LOW WATER SURCHARGE TRADE FROM WMED, ADRIATIC, ISRAEL AND NORTH EUROPE (INC. UK AND SCAN BALTIC) TO CANADA

02/10/2024

St. Lawrence River water levels are significantly reducing the tonnage deployed on the trade from West Mediterranean, Adriatic, Israel and North Europe (including UK and Scan Baltic) to Montreal.

For this reason, MSC Mediterranean Shipping Company announces the implementation of a low water surcharge “Saint-Laurent low water” (SLW) for any equipment size and type moving from West Mediterranean, Adriatic, Israel and North Europe (inc. UK and Scan Baltic) to Montreal POD, effective as from 15 October 2024 until further notice.

**The SLW will be charged as follows:**

- **USD 150 - per 20’ container**
- **USD 300 - per 40’ and 45’ container**
