Xingang Port Congestion Surcharge - Trade Canada, US, Mexico, Central America and The Caribbean

Due to the congestion at port of Xingang, affecting the delivery of reefer containers, MSC will apply a Congestion Surcharge (CGS) for reefer cargo from Canada, U.S., Mexico, Centra America and the Caribbean to Xingang, in order to maintain our services at the required level.

The CGS of **USD 1500** per reefer container will be implemented as follows:

- with effect for **B/L date 23 November** onwards for reefer cargo from Canada, Mexico, Central America and the Caribbean to Xingang
- with effect for **B/L date 19 December** onwards for reefer cargo from U.S. to Xingang

MSC will continue to monitor the situation and update you in due course.

Should you have any further questions in the meantime, please contact your local MSC agency.
