Imports DHC – Difference in the recovery of port costs for all shipments discharging post midnight 31st March 2022

16 February 2022

South Africa

India Middle East and Africa

Share

The new Tariff Charges are effective 1st April 2022 and will be applicable for all units discharging post midnight 31st March 2021. We wish to remind you of the advisory issued relating to the OHC\_DHC charges applicable to/from South Africa on the 15th March 2022 – 31st March 2022.

For imports, our pricing is determined at the time of the export activity gate in at origin and thus priced against the DHC at that time. For any container discharged on or post 1ST April we have to recover the increase in DHC each year. For exports we are able to effectively price the OHC that is applicable effective 1ST April.

This interim additional charge is raised on the invoice and needs to be recovered as we will be billed by the Port.

Our usual invoices reflect

Terminal Handling Service – Destination: with the container quantity and the rate.  
For an interim period, invoices will have an additional line item reflecting as Port Additional/ Port Dues Import with the difference updated.

Please see below the table which shows the difference in the costs.

City	Size	Type	Old THC in ZAR	New THC in ZAR	Dfference via PAI in ZAR
DUR,CPT,PLZ	20	DRY	2049	2151	102
