Temporary Port Rotation Change on Condor Service - Update 3

We refer to our previous communications about congestion in Hamburg Eurogate Terminal, which has recently led MSC to call at Bremerhaven, instead of Hamburg, on its Condor service.

Due to the increased waiting time for vessel berthing at Bremerhaven, we may be switching some of the calls back to Hamburg. We will be confirming and updating our schedule 1 week before the ETA of the vessels in Germany.

We apologise for any disruption to your cargo shipments. MSC continues to monitor and implement necessary measures to minimise disruptions in a globally challenging market.

Should you have any questions, please [contact your local MSC representatives](#) in our global network of more than 500 offices.
