To support our customer demand, effective 03-June-2023 we will be implementing a Pick-up Charge Exports (PIC) for all Export Merchant Haulage bookings. This is applicable for collection of empties in Johannesburg where the pick-up location differs from the location stated on the bill of lading.

Inland Surcharge Code	Inland Surcharge Name	Selling tariffs 20'	Selling tariffs 40'	Explanation
PIC	Pick-Up Charge (Exports)	ZAR 3750 per 20ft GP	ZAR 7500 per 40ft HREF ZAR 0 per 40ft GP	It is a VAS, applied when the carrier allows the pick-up of the empty container at a different location from the one stated on B/L as place of Receipt. It applies only to MH containers and only for export cargo. It can also be a penalty surcharge (in case the customer picked up the empty container at a different location without consulting the carrier first). It covers the unit empty positioning cost.

We would like to take this opportunity to say thank you for doing business with us.

If you have any questions, please feel free to reach out to your local sales or customer service representative. You will find contact details of our local offices on Maersk.com.
