As part of our goal to ensure efficiency in your supply chain, we are continually keeping an eye on developing situations. We would therefore like to inform you that we will be revising the custom clearance service charges related to movements through the port of Ras Al Khaimah.

After careful consideration, we have found that our rates no longer reflect the current costs of services. Keeping your supply chain moving is of paramount importance to us and we will be using the surcharge as a mechanism to pass through additional costs presented by our vendors and ultimately ensure a continued quality service to our customers.

While our service charges between 8am – 5pm continue to remain the same, effective 1st of May 2022, we will be revising our rates to handle custom clearance services performed outside of our normal office hours. Please see below the respective charges:

Service description	Service Charge within office hours	After office hours surcharge
Maersk CHB service charge	200 AED per doc	225 AED per doc
Gate pass	20 AED per container	55 AED per container
Container inspection	170 AED per doc	220 AED per doc
Bill of Entry	105 AED per doc	105 AED per doc
Exit Entry Stamping from free zone	20 AED per doc	20 AED per doc

Your partnership remains of the utmost importance to us, and we appreciate your understanding and support. In case of any queries or concerns, please contact your [local Maersk representative](#).
