# SPECIAL EQUIPMENT SURCHARGE – TRADE ISRAEL AND EUROPE TO US, CANADA, MEXICO & CARIBBEAN

**Geneva, Switzerland, 2 July 2021**

Dear Customers,

Due to the ongoing congestion issue in the European ports, and the consequent need of costly ad hoc inventory repositioning, MSC will implement a Special Equipment Surcharge (SEQ) for in gauge cargo from Israel and Europe to US, Canada and Mexico.

As from 1 August 2021 until further notice, the SEQ will be charged USD 3000 per flat rack (FR) and open top (OT) equipment unit.

Any other elements of the price, as indicated in the last EU Price Announcements for the relevant trades published on [msc.com](https://www.msc.com), still apply and remain unchanged.

Should you have any questions, please [contact your local MSC representatives](#) in our global network of more than 500 offices.
