As part of our Digital Transformation Journey, it is our constant endeavor to revolutionize our business operating model and offer the best online experience to our customers via web-based platforms.

## Web BL for printing at your convenience instead of Physical Bill of Lading issuance at counter

Should your shipments still require having Original Bill of Billing, we do have the Electronic Bill Printing facility. There is nil additional fee for this signup, please do contact your local customer experience agent for the subscription. With this, you will be able to print at your convenience upon the documents pre-requisite are in order.

Alternatively, you may have your shipments on Seaway bill or Electronic Cargo Release (aka Telex Release), with the latter at a standard fee of sgd130 per BL applicable.

We will cease releasing Original Bill of Ladings at our counter with effect 01st January 2022.

We encourage you to take this opportunity and embark on this digital journey with us to enjoy the convenience it offers for you.

Thank you for your business and look forward to continuously serving your global transportation needs.

Should you have further clarifications, please do contact your local office.
