# New Regional Fee Structure to Pre- Pulls Charges in United States

9 October 2020

North America

Share

We at Maersk constantly strive to provide reliable and innovative products to our customers. In order to continue offering our high quality and unmatched reliability, we would like to inform you of upcoming changes to our surcharges for customers requesting a pre- pull of cargo from terminal and inland container yard (CY) within the following regions in United States

South Atlantic: \$275  
Miami: \$360  
Northeast: \$300  
Midwest: \$275  
Pacific Southwest: \$290  
Gulf: \$290

Effective Dates for new rates will be as of November 1, 2020 for all equipment sizes and applicable for dry cargo only.

A pre pull is a value added solution offered to provide an alternative secured storage location in order to avoid costly storage charges at rail yards. Requests for pre- pull must be submitted in writing to [us.import@maersk.com](mailto:us.import@maersk.com) and [us.export@maersk.com](mailto:us.export@maersk.com).

Please note, an additional storage per day will also apply when at the request of the customer.

We would like to take this opportunity to say thank you for doing business with us.

If you have any questions, please feel free to reach out to your local sales or customer service representative. You will find contact details of our local offices on Maersk website.
