Due to continued operational challenges including extended waiting times in the range of 7-10 days, please note we will implement a port congestion surcharge for all cargo to and from Acajutla, El Salvador and Corinto, Nicaragua terminals effective November 17, 2024.

The tariff details are as follows:

Surcharge Code	Direction	Origin	Destination	Container type	Rate
CFD	Import	World	El Salvador	All Containers	1,000 USD
CFD	Import	World	Nicaragua	All Containers	1,000 USD
CFO	Export	El Salvador	World	All Containers	1,000 USD
CFO	Export	Nicaragua	World	All Containers	1,000 USD

This will allow Maersk to continue to work on measures to lessen the impact from these adverse operational conditions including maintain regular port calls in our services’ standard rotations.

If you have further questions or need more information, please visit Maersk.com or reach out to your local Maersk representative. Our teams remain ready to assist you.

We appreciate your business and look forward to continuing working with you in the future.
