Newsroom > Customer advisories > PSS and EBS Trade from NWC ScanBaltic West Med Adriatic Canary to US Puerto Rico

05/05/2021

Charges, EBS - Equipment Imbalance Surcharge, Peak Season Surcharge (PSS)

PSS and EBS – Trade from NWC, ScanBaltic, West Med, Adriatic & Canary to US & Puerto Rico

Due to the strong demand of containers and consequent difficulties to supply needed equipment, together with our willingness to offer reliable services MSC will increase the Equipment Imbalance Surcharge (EBS) and the Peak Season Surcharge (PSS) for cargo moving from NWC, ScanBaltic, West Med, Adriatic and Canary to US all coasts and Puerto Rico.

As from 3 June 2021 and until further notice EBS and PSS will increase as follows:

- **EBS:** from current USD 500 to USD 1000 per dry container, and from current USD 1500 to 2000 per reefer container.
- **PSS:** from current USD 1200 to USD 1700 on all equipment types

Any other elements of the price, for the relevant trades published on [msc.com](https://www.msc.com), still apply and remain unchanged. Please consult MSC's website or contact your local agent for any further information.
