WAF Gambia Feeder Service Upgrade

In order to continually improve the connections with our services, we are introducing some changes into our WAF Gambia Feeder service.

With one dedicated vessel, MSC will improve transit times to the ports of Nouakchott and Banjul via Las Palmas; removing Conakry from the rotation, now added to the Angola Express Service.

The new rotation will start on 20th September 2015 form Las Palmas.

For further information please contact your local MSC Office.
