In the current challenging business environment, we endeavour to provide a consistent output so that you can deliver your cargo on time.

One of the factors for us to maintain appropriate service levels is to ensure that all documentation is issued in a timely manner. We need your partnership and cooperation to ensure payment of overdue invoices, facilitating Bill of Lading release for Exports.

Maersk will be charging a Late Payment Fee (LPF) of USD 50 where payment is overdue. Please be guided by the due date stated on the invoice, as this will be applied should payment not be received within 7 days. This will not be applicable where credit terms are in place or for invoices which have pending disputes.

This will be in effect from 1st August 2020 for non-regulated countries and 15th August 2020 for regulated countries.

If you have any questions, please reach out to your local sales or customer service representative. We want to thank you for your business and look forward to continuously serving your global transportation needs.
