We would like to take this opportunity to draw your attention to a brand-new Demurrage and Detention Product that has gone live on our Maersk.com platform.

With consignee free time extension, we are empowering customers to take control of their shipping and free time needs before it becomes a headache.

How does it work?

- Consignees or their representatives can extend their detention or combined free time by up to 14 days, with guaranteed lower prices than detention or combined tariff!
- To access offers, customers can simply login to maersk.com and go to the D&D calculator or self-service delivery order journey, the offer is available to all customers

Benefits:

- Clear visibility of current free time, penalties after free time expires and prices available to purchase extra days
- Avoid needing to apply for a waiver for unexpected DND charges
- Flexibility of being able to purchase from 15 days to 1 day before vessel arrival

Please feel free to contact your local customer service agent for more information.

We appreciate your business and look forward to continuing working with you in the future.
