# Implementation of Congestion Fee Destination for World to Mauritius

22 November 2024

Share

In recent weeks we have been facing excessive cargo delays into Port Louis.

These delays are related to port infrastructure resulting in poor productivity, as well as heavy swells generated by tropical cyclones in the vicinity of the islands.

As a result of this we have taken the decision to implement a Congestion fee destination (CFD).

This surcharge will follow freight.

## Surcharge - CFD

Origin	Destination	Per a Container	Currency	Amount
World	Mauritius	All 20 Dry	USD	200
World	Mauritius	All 40 Dry	USD	400

The fee will be effective from:  
25 December 2024 for Nonregulated markets  
01 January 2025 for Regulated Markets.

We appreciate your business and look forward to continuing working with you in the future.

If you have any questions or concerns, please feel free to reach out to your local representatives via [Maersk.com](#)
