Increase of inland reefer add-on in North-West continent Area

30 May 2019

Germany

Switzerland

Belgium

The Netherlands

Share

please be advised that effective from 01st July 2019 Maersk is revising the optional Reefer/ GenSet service charge (OGS/DGS) for all reefer cargo in case active cooling is required during inland transport from or to Germany, Austria, Switzerland, Liechtenstein, Belgium, Netherlands and Luxembourg. The charge is depending on the booked transport mode as per below:

Transport mode	Optional reefer surcharge
direct Truck / all Motor	EUR 100 (Cooling chassis)
Barge or Barge/Road combined	EUR 200 (Barge plug-in)
Rail or Rail/Road combined	EUR 300 (Clip-on Genset)

Our comprehensive service network is designed to ensure a reliable inland transportation. Consistent capacity and fixed schedules allow us to optimize your logistics processes.

Visit our [Digital Inland Magazine](#) to receive detailed information about our inland service offerings.

For further information, please contact your local Maersk office.

We want to thank you for your business and look forward to continuously serving your global transportation needs.
