Update on Transatlantic Network Seasonal Blank Sailing Programme

To continue MSC’s prudent approach to capacity management during the COVID-19 crisis we intend to prolong our transatlantic network seasonal blank sailing programme, in line with market demand across Europe and the USA.

The temporary suspension of our NEUATL4 service will be extended till week 39, resulting in the blanking of all voyages on this service up to and including voyage 039W which was scheduled to depart Antwerp on 21 September.

You may continue to place bookings with limited disruption as we are arranging contingency plans with alternative services for transatlantic cargoes.

Should you have any questions regarding these blankings, please contact your MSC local office.
