To provide you with a seamless service and to ensure we have visibility and better control over equipment. Maersk is updating the Reefer Export Detention & Demurrage charges for effective 16th August 2021, we have increased our reefer detention to 12 days only, all other size types remain unchanged.

The calculation logic for export reefers will commence from gate-out empty or stuffing and end as per the vessel departure day. For dry exports the calculation logic will be amended from gate-in full to vessel departure.
