Schedule changes, Ports and Terminals

Schedule Update - USA TO SAEC String 1 Service

Please be advised that due to the current congestion at the Port of Charleston, MSC will temporarily call Charleston once per month instead of on a weekly basis, until further notice.

Customers may continue to place bookings in agreement with local agent and/or reroute the cargo via an alternative port.

The next vessel to call Charleston will be the MSC TAVVISHI on voyage UA206A on 14 March, after which MSC will blank the remaining sailings for March, with the next scheduled expected in April (vessel to be defined).

MSC is following closely the situation and will inform you as soon as Charleston port operations will return to normal.

Should you have any further questions on the above, please [contact your local MSC representatives](#) in our global network of more than 500 offices.
