The Port of Felixstowe Energy Adjustment Levy (EAL) revision from 1st July 2024

24 May 2024

United Kingdom Europe

Share ≪

In May 2022, the Port of Felixstowe introduced the Energy Adjustment Levy surcharge, towards the rising cost of energy. Felixstowe Port has now completed a further review on this charge and thus the Energy Adjustment Levy will be decreasing by GBP 2.70 per import laden container to GBP 15.51 from 1st July 2024. This charge is based on gate out date.

This charge will continued to be reviewed every six months and an up-date therefore expected during quarter four 2024.

Please find below a schedule of these charges, per container, which are invoiced out accordingly and will be backdated where applicable.

UK port	Import	Name of charge	Cost in GBP	Start date/end date
Felixstowe	Import	Energy Adjustment Levy	GBP 18.21	01/01/2024 to 30/06/224
Felixstowe	Import	Energy Adjustment Levy	GBP 15.51	01/07/2024

If you have any questions, please reach out to your local sales or customer experience representative. We want to thank you for your business.
